INNOVATIVE TEXTILE SOLUTIONS

Standard Fiber Pet

Elements of Sleep™

Our bedding technologies have been divided into five Elements of Sleep categories – Wellness, Comfort, Protection, Design and Sustainability. We do more than manufacture innovative bedding products. We invent them.

Wellness

Our smart fabrics incorporate organic cottons, vegetable dyes, allergen barriers, odor reducing and anti-static technologies. If you sleep better, you feel better.

Protection

Protect your investment with our unique barrier constructions and functional fabrics

Design

Our new innovative designs will bring color, texture and function to your bedding products.

Comfort

Providing the best night's sleep through temperature and moisture management, airflow and support.

Sustainability

Our sustainable collection of natural fibers and yarns from post-consumer recycled materials are better for the environment and meet upcoming retailer requirements.

Sustainability

Sustainability

PARTNERSHIP WITH SEAQUAL® YARN – a high-quality 100% post-consumer recycled yarn made of ocean waste and transformed into approximately 10% Upcycled Marine Plastic (from plastic marine litter) and 90% post-consumer PET from land sources with full traceability.

- Approximately 10% of the material used in the fabrics comes from the ocean
- High-quality polyester
- Breathable
- Lightweight
- More ecological
- Contains a 'DNA tracer' for the presence of Upcycled Marine Plastic
- Regenerative production system with full traceability along the supply chain
- Standard Fiber is GOTS certified and partnered with several OEKOTEX factories throughout Asia
