INNOVATIVE TEXTILE SOLUTIONS

Standard Fiber Pet

Elements of Sleep™

Our bedding technologies have been divided into five Elements of Sleep categories – Wellness, Comfort, Protection, Design and Sustainability. We do more than manufacture innovative bedding products. We invent them.

Wellness

Our smart fabrics incorporate organic cottons, vegetable dyes, allergen barriers, odor reducing and anti-static technologies. If you sleep better, you feel better.

Protection

Protect your investment with our unique barrier constructions and functional fabrics

Design

Our new innovative designs will bring color, texture and function to your bedding products.

Comfort

Providing the best night's sleep through temperature and moisture management, airflow and support.

Sustainability

Our sustainable collection of natural fibers and yarns from post-consumer recycled materials are better for the environment and meet upcoming retailer requirements.

Wellness

Wellness

Copper Infused Fabrics

Infused copper in both home and pet textiles has harnessed skin health's wellness benefits, promoting collagen and elastin growth. Other advantages include reducing wrinkles, fine lines, thinning skin, and other signs of aging, as well as dryness or itchy skin.

Offering copper infused antimicrobial bedding, backed by science and testing, directly supports and strengthens all pet wellness initiatives.
